Date : 05th April 2025
Venue : Vivekananda Auditorium
Anna University

THEME : CONTINUOUS IMPROVEMENT

About Anna University

Anna University is a renowned technical university located in Chennai, Tamil Nadu, India. It was established in 1978 and is known for its excellence in engineering, technology, and allied sciences education. The university offers undergraduate, postgraduate, and doctoral programs in various disciplines including engineering, architecture, technology, and management. Anna University is recognized for its strong academic curriculum, research facilities, and collaborations with industry and academia

About the DoIE

The Industrial Engineering program at Anna University began in 1973 under the Department of Management Studies and became the Department of Industrial Engineering (DoIE) in 2002. Part of the Faculty of Mechanical Engineering, DoIE offers UG, PG, and research programs in Industrial Engineering, Quality Engineering & Management, and research leading to M.S. and Ph.D. degrees.

About the Award

The Department of Industrial Engineering at Anna University proudly presents the Industry Excellence Award 2025!

This prestigious event celebrates and recognizes the outstanding achievements and continuous improvement initiatives of industry leaders. It focuses on enhancing productivity, quality, sustainability, and overall operational excellence.

☀️ Join us as we honor those who have made significant contributions to industrial engineering and academicians, set new benchmarks in their respective fields. ☀️

About presentation

☀️ The following are expected in presentation,

- An overview of the manufacturing and service processes and operations.
- A description of the continuous improvement initiatives implemented.
- Metrics and data illustrating the impact of these initiatives.

☀️ General information

- The presentation duration will be a maximum of 10 minutes, followed by a 5-minute Q&A session.
- The presentation should not exceed more than 15 slides.
- The presentation will be conducted in offline mode.
- The date and time of the presentation will be informed through E-mail.

Judging process

☀️ A panel of experts from Industry and Academia will evaluate the presentation.

☀️ Each submission will be evaluated against the established criteria, and scores will be assigned accordingly
